TARGETS OF THE COURSE

- Understand the importance of gender as a variable for promoting sustainable development and decent work
- Understand how gender roles operate in the labour market in the global south
- Understand the impact of gendered skills on the labour market
- Critically analyse and reflect on the relevance of incorporating the gender variable into labour market policies.

KEY ASPECTS OF LABOUR MARKETS

Gender gaps in the productive and reproductive economy, or women and men in different labour market sectors on a **global-macro level**, **national-meso level** and **local-micro level**.
